

NEW PRODUCT LAUNCH

Malvestio Treatment Chairs – Available Soon!

We are pleased to announce two new Treatment Chairs from Malvestio, that will supersede the Greiner range of treatment chairs. Stock is due to arrive in October 2023.

The Malvestio **IDEA 2** is a premium treatment chair that replaces the Greiner DC.

The Malvestio **IDEA CLINIC** is a compact treatment chair that replaces the Greiner IT & IT V2.

PRODUCT FEATURES – IDEA 2 (CHT100710)

- Meets the needs of oncology departments and the demands of infusion and transfusion medicine
- Extra-long leg rest for patient comfort during extended periods of treatment
- Ergonomic push handle with inbuilt paper roll holder
- 125mm twin-wheel castors with central locking that provides both total and directional locking
- Electric adjustment allows for infinite positioning of the Backrest, Legrest, Seat Height, Seat Tilt, and Trendelenburg (CPR Shock Position)
- Onboard battery for electric adjustment when mobile

NEW PRODUCT LAUNCH
