## Modular Design

Optimise your ride with custom configuration. This chair's modular design allows you to add options including after market seating systems, switching fixed and swing away front ends, and growing chair width and / or depth to meet changing user needs.

## Custom Configuration

Custom Configuration allows you to add options and components to your chair to meet your needs and to optimise your riding experience. This includes choices of wheels, handrims, tyres, wheel locks, colour, tattoos, and more. TiLite offers more options for the individual.
